## CAREER OBJECTIVE:

Motivated Business Information Systems graduate with a strong academic record (3.59 GPA) and a focus on full-stack development. My technical proficiency includes designing and implementing scalable back-end services using Python, C#, .NET, SQL, and REST APIs. On the front-end, I am skilled in creating dynamic and responsive user interfaces with HTML, CSS, JavaScript, and the Angular framework, utilizing styling tools like Tailwind CSS and Bootstrap to ensure a modern user experience.

---

## EDUCATION:

**Bachelor of Business Information Systems** **Sep 2021 – Jun 2025**

*Faculty of Commerce and Business Administration, Helwan University - Zamalek, Cairo*

• Graduated with highest distinction (GPA: 3.59 / 4.00)

• Graduation Project: Taleb discount website (.NET and Angular) 95%

---

## EXPERIENCE:

**Part-time Web Developer | TradeX | Oct 2025 – Present**

Developed and launched Givora, a full-stack web application from concept to deployment using the MERN stack (Node.js, React, MongoDB).

Engineered both front-end and back-end architecture, implementing responsive UI components with React and building scalable RESTful APIs with Node.js and Express.

Managed the complete deployment lifecycle, configuring and deploying the application on a live server and connecting it to a custom domain via Hostinger.

**Emerging Talent for the Future Workplace** Remote **— CIB (Jun 2024 – Jul 2024)**

**Web Development Intern** Remote *Codesoft Sep 2023 – Oct 2023*

• Implemented backend features and role-based access in Laravel apps, enabling a 20% faster client rollout.

## TECHNICAL PROJECTS:

Givora (Live Project) – Node.js, React, MongoDB, Hostinger

**.**A full-stack web application developed part-time for TradeX. Successfully deployed and connected to a live domain with complete frontend-backend integration.

**Talabat-API Web App** - C# .NET, SQL Server, and REST Apis, Angular
. E-commerce platform with real-time features, user registration, cart ordering, and Stripe payment integration

**Restaurant MVC Web App** - C#, ASP.NET MVC, SQL server, Vanilla frontend with bootstrap

**.** manage Restaurant with full CRUD functionality

**Full-stack Employee Manager** - C#, ASP.NET MVC, SQL server, Vanilla frontend with bootstrap

. manage employee and department data with full CRUD functionality.

**E-Commerce Backend API** - C#, ASP.NET Core

• Developed REST APIs with secure authentication, Entity Framework, and Swagger documentation.

**Portfolio website - html, tailwind, Java script**

•Personal portfolio website with responsive design.

**Random Projects (Frontend only)**

• Bakery shop website • Piano simulator •iPhone previewer

---

## CERTIFICATIONS:

Summer internship program - CIB Egypt.

.NET Development Diploma - Route Academy.

Frontend web development internship - Elevvo Pathways.

Human-centric Interpersonal Skills - CIB Egypt.

---

## TECHNICAL SKILLS:

**Programming Languages:** Python, C#, SQL, JavaScript (ES6+), HTML/CSS.

**Frameworks:** ASP.NET Core, Entity Framework, LINQ, MVC, Tailwind Css, Angular. Node.js

**Tools:** Visual Studio, SSMS, Git, Visual Studio Code, Swagger, Excel**.** Hostinger

**Databases:** SQL Server, MySQL, mango DB

**Data Science Libraries:** pandas, NumPy.

**Concepts:** Object-Oriented Programming (OOP), RESTful APIs, Agile Development, System Analysis, Backend Architecture, Angular Framework.
